

QUALITY POLICY

At BUA Cement, we produce, market and sell high quality cement to satisfy the requirements of our customers as well as create value for our stakeholders through the deployment of resources in a sustainable manner.

In line with the mission and vision of BUA Group, of which we are a member, we achieve these through;

Effective engagement with our customers and other stakeholders to understand their needs and expectations

Compliance with statutory and regulatory requirements applicable to our products and services.

Maintain harmonious relationships with our host community.

Training and competency development of our personnel. Alignment of our processes with current technologies.

Promoting the culture of continual quality improvements through process monitoring, measurement, evaluation and optimization.
